We had planned on using most of this balance for new shelves and labor, also paint. But when the new building was started we decided to postpone repairs and use this money for any necessary bookcases, tables or other equipment we may need in the new library. We are asking for more funds because of an increase in labor costs and possible increased heating bills.

We plan to catalog the books when we move this year from the old library to the new, and there is a possibility we might have some obsolete or duplicate books that we could sell. We plan to ask the State Library for assistance when this is done. We have a new board member to help us this year, Lois Alger.

POLICE REPORT
MILAN POLICE DEPARTMENT 1977

We have just finished a very busy year for our Police Department.

Many new problems were solved and many items taken care of during the past year.

Our new Radar unit has been one of the best investments that the town has made.

It is anticipated that 1978 will be a troublesome year. We have received bulletins that Revolutionary groups are planning a big year to let people know that they want to be heard.

Our small communities are ripe for these groups to pick on where they know that law enforcement is limited.

We sincerely hope that the townspeople will not tie our hands by forcing us to hire officers with no training or police background. We now have qualified men and to change a system that is working would be catastrophic. The extensive training that our officers have gone through both in the classroom and in the field has certainly been a big deterrent to crime in our area.

We ask you people to please trust us and stand behind our enforcement efforts. Ours is a dangerous and thankless job, and we do need your support.

Thank you for letting us serve you in 1977.

Please let us again serve you in 1978.

Respectfully submitted
Chief Herbert Balsar
Asst. Chief Arthur Jodrie

SPECIAL REQUEST

You will find an article in the Warrant asking you to give the Selectmen the authority to appoint a committee of three people to make a study as to whether it would be feasible to form an area Police Department consisting of Milan-Errol and to appoint a Chief to serve full time with part-time help from each town, and to bring the findings to the next Town Meeting along with the cost figures for such a program.

With the increase in activity in our area, this may be the best way to cope with it.

BUDGET REQUEST

We request that you raise the sum of $5,000.00 for police services in 1978.

With the price of gas as it is we are asking for an increase in mileage to $.15.

POLICE ACTIVITY FOR YEAR 1977

We had 317 calls this past year.
We had 46 court cases.
We had 11 breaks and thefts
We had 15 accidents.
We issued 27 warnings
We processed 6 D.W.I.'s.

REPORT OF DOG OFFICER 1977

Nineteen hundred seventy-seven was a busy year for dog calls.

We answered 42 dog complaints and collected 22 unpaid taxes.

We ask all dog owners to please abide by our Town Ordinance and to please pay your dog tax when it becomes due.

This will save the town money by not making the Dog Officer answer so many calls.

We have our own dog pound now so will save money by not having to go to Gorham.

Respectfully submitted,
David John
Dog Constable

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of ¼ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

MILAN VOLUNTEER FIRE DEPARTMENT

The Milan Volunteer Fire Department was organized in the spring of 1969. Many hours of work have been donated, including travel to surrounding areas to obtain parts and equipment to upgrade the department. Training in the latest fire fighting methods has been held over the years and many volunteers have participated.

A new fire house was built in W. Milan on land donated by W. Emery. Materials and time donated by local merchants and volunteers made this possible. At the present time, a tank truck and portable pump is housed in this facility and ready for use. The facility is under the watchful eye of Walter Mullins and volunteers in the W. Milan area.

This year in Milan, we have built a new fire truck capable of responding to any fire in the surrounding area with ease and safety. A tank truck & portable pump is also housed in Milan.

Monies received by the Town are now being used to build a new town building, including space for fire fighting equipment which will be completed by the fall of 1978.

Recently air packs were purchased and will be placed in the new fire truck, according to current policy, for most effective use in the area. Training sessions in their use are now in progress.

In the budget for 1978-79, I have requested monies for the training of volunteers, both old and new, in the latest fire fighting methods. Fire fighting education is necessary and vital if we are to maintain an effective volunteer fire department in our town.

Thank you, one and all, for your devotion and service to your department.

A. H. MACDOUGALL
Fire Chief

MILAN HOME NURSING CENTER

ANNUAL REPORT 1977

The Milan Home Nursing Center admitted 58 patients. Total nursing visits, 383. Milan had 272 and Dummer had 111 nursing visits.

The pre-school vision and hearing screening, 4 immunization clinics and several blood pressure clinics were well attended. The Community Volunteer Committee has been most helpful in contacting all persons eligible for the clinic services more economically. The faithful committee members consist of Regina McLain, Susan Hickey, R.N., Flora Day, Helen Holt, Linda Metayer, Denise Doucette, Roma Labreque, Thelma Beroney, Geraldine Judson, Pat Bennett, Rita Laverdiere, Clara Elson, Diane Holt and Christine Young.

Our center will miss Dr. R.H. McVetty as he retires. He has been extremely cooperative with immunizations, pre-school exams, and as advisor for many years. A sincere heartfelt thank you is extended to Dr. McVetty from all the Milan and Dummer residents.

We appreciate the fine support of both communities and look forward to being of service for the further promotion of good health.

BICENTENNIAL COMMITTEE REPORT

The members of the Bicentennial Committee assisted in the completion of the duties enjoined upon it in completing all possible projects begun in 1976 in observance of the 200th Birthday of the U.S.A.

The basement of the Town Hall was completed into an attractive room. The second Bicentennial quilt was embroidered in the same manner with the same art work as the original quilt made in 1976. This quilt is to become a part of Milan's historical heritage to be enjoyed by us now and other generations as time moves along. The album and scrapbooks of our activities have been completed. The Town Reports have been bound into five volumes. Copies for 1878, 1879, 1880, 1887, 1888, and 1897 are missing. Perhaps at some future date copies may be located and returned to the Town Clerk's office to be placed with the others.

In August your chairman attended and received for the town a Certificate of Participation of the Battle of Bennington held at Old Fort No. 4 in Charlestown.

The Open House held in the town building in August was very well patronized and the display enjoyed by all those in attendance.

A $100 check was presented to the local P.T.A. to be used toward a skating rink project as this was one of the originally proposed Bicentennial projects. It could be completed at some later date.

A printing error in last year's report should be changed for the sake of correct historical information. On page 73, the beginning sentence of the fourth paragraph should read: "It is not a well-known fact that 97 countries (not communities) joined in honoring America, etc." Countries all over the world held celebrations in our honor. We thank each and all of them for their efforts.

In a preceding paragraph, it should read the "2-cell" and not the "20-cell jail was removed" The correct of the committee mentioned in the financial report on page 75 should read "American Revolution Bicentennial Administration."

On behalf of all committee members, I thank you for the opportunity of serving you in this particular endeavor. We thank you for your support in all of these projects. May this be only the beginning for citizens to become involved in other projects of the future for the benefit of the entire community as well as the entire North Country area. Let us keep alive the daring "Spirit of '76."

Respectfully submitted,

Avis A. Croteau, Chairman

Report of the Superintendent

To the Citizens of the Town of Milan:

In my report to you, the Citizens of Milan, I hope to touch upon those areas which will affect you as parents and taxpayers and those areas which will affect your children. I leave it to you as residents and voters to indicate additional areas of particular interest which you would want me to include in future reports.

School Warrant

Three areas covered in your school warrant this year need to be explained. The first of these, though not new articles to Milan, is covered under Articles number 3 and number 4. In the past Milan has adopted both these articles to allow the school board to apply for federal funds. I am in hopes the Town will see its way to passing favorably on these articles again. However, I do wish to point out that a decision was made by your school board to not provide assurances to HEW under Section 504 of the 1973 Vocational Rehabilitation Act. This assurance, if provided, would have cost Milan a great deal of money and would have allowed HEW to control all special education programs in your schools. More importantly it required Milan to provide educational and medical services to all handicapped children regardless of costs. Needless to say this could have resulted in paying costs for handicapped children far in excess of $10,000.00 per child. The decision not to provide the assurances however, could cost Milan all its federal funds which come from HEW. The results could mean the loss of our Title I Remedial Program and monies to purchase library books.

The second article which needs to be mentioned is number 5. This calls for authorizing your school board to sign a three year transportation contract with Tankard, Inc. As in past years a bid notice was published and interested parties encouraged to bid. Only one bid was received and it was found to be in order and was therefore accepted subject to your approval.

The third article is number 6 which calls for the formation of a study committee of five members to look into the possibility of joining with Dummer for the joint education of the children in grades 1-6 from both towns. I wish to state clearly here and now that this article commits no one and costs nothing to do. Hopefully a sufficient number of volunteers will be available to look into all possible areas of mutual concern and interest and report their findings back to you the people for whatever decisions you might deem appropriate. What might come from the study and what recommendations the committe might make are left completely for the committee to decide. I don't believe it serves any useful purpose to speculate what the committe might recommend or what one plan will cost as opposed to another plan. When the time comes the committee will provide you with that information and give you the true facts. Then, I hope all of you will ask the questions which I am sure will be on your minds.

If you, the people of Milan, vote to approve the formation of the Committee, I hope you will take the time to contact them and raise whatever questions may be on your minds. If this is done, particular attention can be drawn to your particular question and the committee will have a chance to answer it to your satisfaction.

In closing this part of my report, I wish to remind everyone again that this is only a study, not anything more than that.

Local Public Works Program

Progress on the addition to the Milan Village School is moving along on schedule and should be completed on or before August 25, 1978. The mountains of paperwork being generated by the program have not been totally unreasonable so we have been able to keep pace with it without too much of a problem. When complete, the project will give us all the needed space for the foreseeable future, even if Dummer were to decide to join with Milan.

Legislation for the Handicapped

Though I covered part of this phase of my report under your school warrant much more needs to be said if people are to understand what is involved by this crude and blatant attempt by HEW to come into your local schools and dictate what you will and will not do. The question is one which transcends the needs of the handicapped which are adequately cared for under state law and through local programs. When a Federal District Judge, in this case Judge Robert Hemphill of South Carolina, says, "No educational administrator needs to be reminded of the sad fact that federal money means pervasive, bureaucratic

federal control; and for pervasive, tyrannical bureaucratic federal control, the Departrment of Health, Education, & Welfare knows no equal or superior.'' something must be wrong. He continues, ''If the federal government, in all its wisdom, decides that money should be spent to provide opportunities for a particular group of people, that government should be willing to spend its own money (i.e. our taxes) for such purposes and not require that private educational institutions use their limited funds for such purposes''. I can only agree, and by so doing support, Judge Hemphill's position when it comes to HEW. At stake here and in similar legislation is the very foundation of our democratic form of government as found under our constitution. When one level of government, through the power of the purse, can in effect circumvent and by doing violate the very foundation of our laws, that agency and that branch of government needs to be changed and made once again responsive to the people. I am in hopes that some of you will become enraged and demand that our Congressional delegation begin to represent the very people by whom it was elected.

Tuition Rolls

Listed below is a comparison between 1977-78 and 1978-79 in the number of tuition students:

Grade	1977-78	1978-79
7	15	15
8	19	18
9	13	20
10	14	13
11	20	13
12	15	18
Contingency	2	2
Special		1
Total	98	100

In the budget for 1977-78 is an amount of $123,166.57. For 1978-79 an amount of $134,718.87 is being requested. This represents an increase of approximately $11,552.30 or about 9.4% above this year. Some of the request is the result of more students but the greater part can be explained as a tuition rate

increase for another year. Below I have listed the tuition rates for 1977-78 and 1978-79 plus the State Average:

	1977-78	1978-79	State Average
Junior High	$1,165.28	$1,233.48	$1,337.00
Senior High	$1,341.36	$1,488.51	$1,344.00

Though the tuition rates have increased they remain slightly below and slightly above state average.

Budget

The budget for 1977-78 is $236,106.27. What is being requested for 1978-79 is $263,711.97 for an increase of $27,605.70 or 11.7%. This represents a sizeable increase. This year the increase is spread throughout the budget: salaries- $2,000.00, secretarial help- $1,080.00, transportation- $2,000.00, transportation for handicapped - $1,148.00, custodial services - $1,400.00, supplies - $500.00, heat - $500.00, utilities - $1,300.00, social security - $400.00, insurances - $1,800.00, buildings - $2,000.00, tuition - $11,500.00, Supervisory Union - $1,500.00. Though these are all rounded figures they do total some $27,000,00. Throughout the budget there are also many minor budget adjustments too numerous to mention.

Summary

To serve the needs of a community a school system needs the willing hands of many people. In Milan these people are your teachers, your principal Margaret Nichols, your school board, your treasurer, your moderator, your clerk, your kitchen and maintenance staff and not least your group of volunteers. To all these people I express my sincere appreciation and thanks.

Respectfully submitted,

ROBERT BELLAVANCE
Superintendent of Schools

School District Meeting of the Town of Milan, N.H.

March 7, 1977

The Annual School District Meeting of the Town of Milan, N.H. was held on the 7th day of March, 1977, at 8:00 p.m. in the evening at the West Milan Town Hall. The meeting was conducted by George Lewis, Moderator. The meeting was opened with the reading of the School Warrant.

Article 1. To determine the salaries of the school board, truant officer, auditors, treasurer, moderator and clerk.

It was moved, seconded and voted in the affirmative that the salaries of the school board, truant officer and other District officers and agents be set as listed below:

School Board (3)	2@	$75.00	each
	1@	85.00	each
Treasurer		75.00	
Moderator		15.00	
Clerk		10.00	
Auditors	2@	10.00	each
Truant Officer		25.00	
Census Taker (1)		75.00	
Checklist Supervisors	3@	5.00	each
Ballot Clerks	2@	5.00	each

Article 2. To hear the reports of agents, auditors, or officers heretofore chosen and pass any vote relating thereto.

It was moved and seconded that the District vote to accept the report of agents, auditors and officers heretofore chosen, as printed in the annual Town Report. There was no discussion. Vote, affirmative.

Article 3. To see if the District will vote to authorize the School Board to utilize anticipated surplus funds in the 1976-77 budget for the expansion of the school water supply. ($700.00)

There was a brief discussion on this article and Ronald Hawkins, School Board member, explained that there is a possibility that a second well may be dug - in the same area as the one which the school is now using - and then the two wells might be connected and thus increase the water supply.

Vote on Article 3 was affirmative.

Article 4. To see if the District will vote to establish the date and hour of the Annual Milan School District Meeting.

Motion made and seconded to hold Annual School District Meeting at 8:00 PM on night prior to Annual Town Meeting.
A motion was made and seconded to amend this Article to read "7:00 PM on night prior to Town Meeting." Discussion followed and a show of hands was asked for. Amendment carried. Amendment to Article 4 now reads "Annual School District Meeting to be held at 7:00 PM on the night prior to Annual Town Meeting." Vote in the affirmative.

(Vote on Amendment was 64 in favor, 29 against.)

Article 5. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all gratis grants or other gratis funds for educational purposes which may now or hereafter be forthcoming from the United States government, the State of New Hampshire, private individuals, corporations, or any Federal or State agency and to expend same for such projects as it may designate.

Motion made and seconded. Ronald Hawkins explained that the wording of this Article actually means "free, no strings attached. The only things we (the School Board) can apply for is something absolutely free." There was some discussion of the wording of the Article, some people feeling that there are restrictions on money we accept from the government. Motion was made and seconded to drop the word gratis from Article 5. Motion carried.
Vote on Article 5, affirmative.

Article 6. To see if the District will vote to accept the provisions of Title I and Title IV, Public Law 89-10 (Elementary and Secondary Education Act of 1965,) and to appropriate such funds as may be made available to the District under such Federal Act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend same for such projects as it may designate.

Motion made by Sarah Cordwell, and seconded.

Mr. Bellavance, Superintendent, was asked to explain briefly what Title I and Title IV provide. Title I has provided, among other things, money ($3,000) for a Teacher Aide for the Milan School. Title IV funds are used to provide instructional material, visual aids, etc., to the schools in the District - Milan, Errol, Gorham - "but here again, if Milan votes to accept these funds we must meet certain specifications." It was also pointed out that the Town could vote to accept these funds this year and vote them out next year.

Question called for: Vote on Article, affirmative.

Article 7. To see if the District will raise and appropriate the sum of $4,181.20 for the support of the Minimum Standards for New Hampshire Public Elementary Schools.

Motion by Janet Woodward, seconded by Beverly Hawkins.

An explanation of Minimum Standards called for, to which Mr. Bellavance responded. Minimum Standards determines the size of classes, calls for music, art, science, physical education - along with the traditional three R's. Minimum Standards is the very least a town can do to have an approved school. "You must strive to become an approved school - minimum is requirements by State Board of Education."

Question called for: Vote affirmative.

Secret Ballot called for: Vote, Yes, 81 - No, 26.

Vote affirmative on Article 7.

Article 8. To see if the District will vote to establish basic education into the Milan Elementary School, and devise a system of mastery testing, 0 to 100. (By petition)

Motion made "No consideration," on Article 8. Motion carried, article dead.

Article 9. To see if the District will vote to switch in the budget monies to support and establish basic education. (By petition)

Motion made by Eric Bleicken, objection to motion by Robert Vashaw.
Vote carried, on objection. No consideration of Article 9.

Article 10. To see if the District will vote to have the school district meeting at least one half hour earlier. (By petition)

Motion made and seconded. Vote, no consideration. Carried.

Article 11. To see if the District will vote to cut $600.00 from the Supervisory Union #20. (By petition)

Motion made by Donald Foglietta. Objection to consideration by Ronald Hawkins. Vote carried, no consideration.

Article 12. To see if the District will appoint a committee to look into the rising cost of the Supervisory Union #20. (By petition)

Motion by Alice Foglietta, seconded by Ronald Hawkins. Objection to Article by Robert Vashaw. Vote carried, no consideration.

Vote, negative on Article 12.

Article 13. To see if the District will vote to cut teachers' salaries by 2% and do away with the salary schedule. (By petition)

Motion made and seconded. Objection to consideration of Article. Vote carried, no consideration.

Article 14. To see if the District will vote to cut the school nurse and custodial services back to the level of 1975-76 budget year. (By petition)

Motion made and seconded. Objection to consideration by Allan MacDougall. Vote on objection, affirmative. No consideration of Article 14.

Article 15. To see if the District will vote to have the main money article in the School District Warrant to be secret ballot, to allow a fair vote. (By petition)

Motion made and seconded. Objection to consideration of Article. Question, on objection. Call for immediate vote. Vote carried. Article 15 loses.

Article 16. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials, and for the payment of statutory obligations of the District.

Motion made by Eric Bleicken that we raise the sum of $236,106.27. Motion seconded. Objection by Robert Potter. Vote negative on objection.

Motion by Alice Foglietta to amend Article 16, "to cut and reduce the amount ($236,106.27) by 5%, and let the School Board make these reductions where they want to, on the Milan Village School."

Objection to consideration of amendment. Question called for and motion to amend Article was voted down. At this point a brief explanation of budget figures was given by Ronald Hawkins, School Board member.

Question: Vote on motion to amend Article 16, negative.
Question on Article 16: Vote, affirmative.
Call for secret ballot: Vote, Yes 84 - No, 27.
Vote on Article, affirmative.

Article 17. To transact any other business that may legally come before this Meeting.

Ronald Hawkins pointed out that this is the time to bring up the question as to whether the people want a public budget meeting before Town Meeting. Motion was made and seconded that the School Board hold a public budget meeting approximately one month prior to Town Meeting, at 7:00 PM in the evening. Meeting would be publicized and it was felt that such a meeting would give everyone a chance to express his feelings and make suggestions. It was later agreed that such a meeting would have to be held not later than the last week of January, at 7:00 PM, at the West Milan Town Hall.

Vote on motion, affirmative.

Motion to adjourn called for. Motion made and seconded, with a vote in affirmative, that meeting be adjourned. Time, 10:50 PM.

Special School Meeting

November 21, 1977.
West Milan Town Hall

Meeting opened at 8:10 PM with the reading of the Warrant by Moderator, Avis Croteau.

Motion by Ronald Hawkins, seconded by Beverly Hawkins, that the article be accepted as read.

Subject was then open for discussion. A very short discussion followed at which time it was explained by Ronald Hawkins, Chairman of the School Board, that the government Grant of $247,000 for new construction - and renovation of the present Milan School building - has been approved, but we are now waiting for a letter of credit which will be coming through after a bid has been approved. This letter of credit will be made available from the Federal Reserve Bank of Boston to the Berlin City Bank. The School Board will not handle any of this money. When the project has begun, and as money is needed, it will be drawn against the letter of credit and paid over to the contractor by the Berlin City Bank.

Ten percent of project money is to be spent with minority businesses, if available. Minority businesses have been notified but as yet there has been no response.

Bids are still out, due in November 28, and will be opened at 7:30 PM on November 28, 1977, at the Milan Village School. This will be an open meeting to which everyone is invited.

Call for Question: discussion ended.

This was a secret ballot with a Yes or No vote.

Votes cast - 58.
Number necessary to carry motion - 39.
YES 47, NO 11.
Motion carried.

Motion made and seconded that Meeting be adjourned. Motion carried.
Time: 8:47 PM.

Respectfully submitted,
